April 23rd
May 7th
May 21st
June 4th
June18th

Wednesdays Toast & Milo
$2

Containers for Cash
The P & C number is C10255478

OUR SCHOOL IMPROVEMENT PRIORITY FOR 2024 – WRITING which goes hand in hand and builds on our previous priority of READING.

EVERY DAY COUNTS – OUR 2024 Goal is 95% or better attendance
Our current attendance is 95.6% attendance

We welcome everyone back for Term 2 and hope you all had a very happy and relaxing holiday. The students certainly came in ready to learn and quickly fell into our daily routine. Here are our 9:00 a.m. first day photos.

Attendance as at this week is 95.6%. As we always advise, if your child or children are not well, please phone the school via our landline to advise you will be keeping them at home to recover from illnesses. It is all the more important to do this as we are coming into the flu season . If you are unsure whether they should come to school, let us know and we can discuss it over the phone.

CROSS COUNTRY: This Friday, Daniel and Angelo will be representing Linville SS at our cluster cross country. The event will be held at Toogoolawah State High School and if they are successful in times for their runs will go to the district's competition. We wish you both all the best for this Friday.

Student absences – Please remember to call or email the school if your child is going to be absent from school. The School contacts are: Phone – 5424 7201 Email – admin@linvllless.eq.edu.au Mobile phone – 0436 620 568

BPOINT is our preferred method of payment. Access BPOINT at www.bpoint.com.au/payments/dete

ANZAC Day is Thursday the 25th April. Our staff and students will be marching from Linville Hall to the Cenotaph. The march will begin at 8:15 a.m. and we would like as many children as possible to attend. The ceremony will begin at 8:30 a.m. Last year we had sprigs of rosemary to give to members of the community and we would like to do that again this year. If you have a rosemary bush at home, can we please ask that some of it be brought in next Tuesday and we will make the sprigs Tuesday and Wednesday. P&C is organising the food for the community for the morning and it will be a gold coin donation. We would like to ask everyone to please donate something for the morning tea. I will be making fresh fruit sticks and scones with jam and cream to donate. Please let us know if you can help us with this. Also please let us know if your child will be marching with us. We will also be pre-making sandwich to toast on the morning of ANZAC Day so if you can help do this on Wednesday afternoon, that would be greatly appreciated as well.

STUDENT WELLBEING: Ms Liz certainly went above and beyond for her role as Student Wellbeing Officer on the last day of Term 1. The students loved getting the 'Easter Bunny' visitors and having their Easter egg hunt. These photos tell the story. Thank you, Ms Liz.

Aidan and his family were also very generous in helping everyone celebrate the upcoming Easter break. Thank you, Aidan.

HEAD LICE: The cooler weather is definitely on its way however please make sure we start the term head lice free. It is possible to keep them out of our school if everyone keeps onto it. A few weeks of constant checking can result in no longer needing to check and treat heads.

P & C News

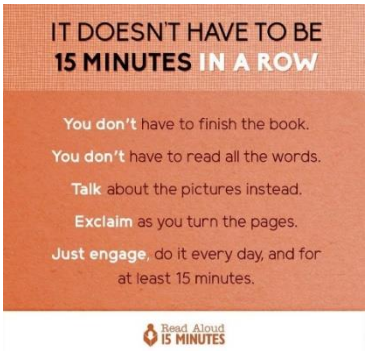
P&C Meeting – P&C have started to organise the food for ANZAC Day on the 25th April, next week. Please refer to the section about ANZAC Day at the beginning of the newsletter.

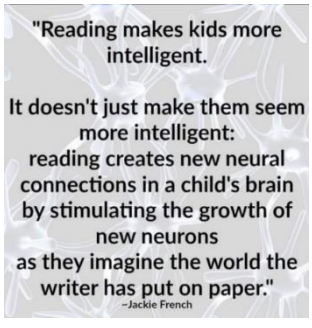
Wednesday Breakfasts and Tuckshop – Wednesday breakfasts are still being offered each week. Thank you, Di, Lisa and staff for being here on these days and getting the breakfasts ready. The next tuckshop will be in week 2 and will be the normal meal deal of chicken fingers with the other meal being **Potaoe bake (home-made of course).**

Containers for Cash – A few container runs were done over the holidays. There may be another run done this weekend.

Kind Regards
Jane
0416027412

Please remember, reading is a priority to help children learn





This is a quote worth sharing. I know decent is not spelt correctly but the message is a good one ☺.

School Contact – Please contact the school on 54247201 to ensure any messages you need to get across are taken by someone. Leaving a message on the answering machine does not guarantee we will get to hear it before the end of the day.

Transferring Money – If you are transferring money into the P & C bank account, it is really important that a description is given for what the money is payment for. For example, if you are transferring money for breakfasts, please note 'breakfast' and students' names. If it is for tuckshop then note 'tuckshop' and students' names. This helps those delivering these services to know who has been paid for and who has not. **Please make sure the funds are to go to the P&C and not to the school which has a separate bank account to have funds transferred to.**

BIRTHDAYS TERM TWO

Daniel celebrated his birthday with us today (Wednesday) with homemade cupcakes. We have been told Daniel made these himself. They were very nice too. Happy Birthday Daniel.

Raven also celebrated her birthday at home with family on the holidays (8th April). Happy Birthday for the 8th Raven.

International Earth Day Celebration !

Date:
Sunday 21st April
Midday to 3.30pm

Venue:
Linville Progress Hall

Cost: Free entry

Bring your favourite dance tracks on your device so we can pair it up with our bluetooth speaker for an afternoon dance party.

Friends of the Forest Inc. will be hosting a celebration event in honour of International Earth Day on Sunday 21st April at the Linville Hall. There will be delicious food for sale for lunch , a pop-up op-shop stall & a dance party for all ages, to finish of the afternoon of fun and learning.
Our highlighted speaker is Dr. Sandra Tuszynska, who will be presenting an exciting audio/visual talk on soil health & regenerative agriculture.
Time:2pm-3pm.
Talk description:
Soil holds the majority of Earth's biodiversity, driving nutrient and water cycles, feeding plants, us and all other life forms. Healthy soil ecosystems are composed of intricate relationships between plants and key microscopic organisms, which nourish, protect and support plant growth. Marvel at the wonders of the unseen world beneath your feet, one of the most biodiverse ecosystems on Earth. Meet the microscopic soil superheroes and appreciate their vital role in nutrient cycling, plant nutrition and carbon sequestration. Learn how to support their superpowers in regenerative food production; drought and flood mitigation; ecosystem and biodiversity restoration; and climate balance.
Sandra Tuszynska (PhD) is an agricultural scientist, specialising in soil microbiology and ecology, with great respect for the microscopic life which supports all other life forms. As a passionate public speaker and science communicator, she has created the Soil Restoration Course focused on soil biodiversity and ecology, to help land managers restore soil ecosystems. Sandra hopes to inspire others to restore soils back to life and ensure regeneration of biodiversity, food production and climate balance, so life can thrive again on our precious Planet.
